

The RESTO500 is the perfect solution for venues that already have their own mixing desk, pre-amplifier and sound sources. Your system will be completed with the ideal combination of satellite speakers and subwoofer!

The heart of this system is the 6-line PM7400MKII pre-amplifier and the revolutionary CHAMP-TWO. This amplifier is convectionally cooled. It has no fan, which means: no unwanted noise, no cleaning procedures, no maintenance and no wake up calls in the middle of the night! CHAMP-TWO guarantees 24/7 worry free operation.

Combined with the SUB2200 subwoofer and six MASK4 top speakers, the RESTO500 offers a dream combination of design and full quality sound. Here's a sound system that will bring atmosphere into any room !

Consists of :

- 1 x Champ-2 amplifier
- 1 x SUB2200 subwoofer
- 6 x MASK4 cabinet speakers

RESTO500-BL with black MASK speakers
RESTO500-W with white MASK speakers
RESTO500-SLV with silver MASK speakers
